Infosheet on PSLE Changes

A QUICK
GUIDE TO

PSLE Scoring and Secondary 1 Posting

FROM 2021

Is your child preparing for the PSLE this year? Here are 6 things you need to know about the PSLE.

From 2021, the PSLE T-Score will be replaced with wider scoring bands, known as Achievement Levels.

1 From T-Score to ALs

Each PSLE subject will be scored using **8 Achievement Levels (ALs)**, with AL 1 being the best. Each AL will reflect your child's individual level of achievement in that subject, regardless of how his or her peers have performed.

AL	Raw mark range
1	≥90
2	85-89
3	80-84
4	75-79
5	65-74
6	45-64
7	20-44
8	<20

Starting from Primary Five onwards, your child will receive their school-based examination results in ALs to help familiarise them with the new scoring system.

2 Scoring for Foundation level subjects

If your child is taking Foundation subjects, that subject will be graded AL A to AL C.

The AL A to AL C will then be mapped to a Standard level subject to derive a student's overall PSLE score, as shown below.

Grades for Foundation subjects	Foundation raw mark range	Equivalent Standard level AL
A	75-100	6
B	30-74	7
C	<30	8

The mapping is based on the learning and assessment load of the subjects and informs students of their readiness to access the curriculum at the secondary level.

Infosheet on PSLE Changes

3 Calculating PSLE score and course placement

Your child's PSLE score will be the sum of the four AL scores across their Standard and Foundation level subjects. The PSLE score ranges from **4 to 32**, with 4 being the best possible total score.

Your child will be placed in the Express, Normal (Academic) or Normal (Technical) course, based on their PSLE score. They will be able to take all subjects in secondary school at the level they are placed at.*

Placement outcome	PSLE score
Express	4-20
Express/ N(A) Option	21-22
N(A)	23-24
N(A)/ N(T) Option	25
N(T)	26-30 <i>with AL 7 or better in both English Language and Mathematics</i>

* Students who progress to the N(T) course must score at least an AL 7 in both English and Mathematics. This criterion is not applicable to all other secondary courses.

If your child is exempted from taking Mother Tongue Language, or is considering taking Higher Mother Tongue Language in secondary school, you can find out more via the PSLE-FSBB microsite or reach out to the school.

4 Subject-Based Banding eligibility in secondary school

Subject-Based Banding (SBB) in secondary school recognises and develops students' subject-specific strengths, and provides them with opportunities to reach their fullest potential.

SBB allows eligible N(A) and N(T) students to take selected subjects at a more demanding level at Secondary 1, based on their AL scores for individual subjects rather than the overall PSLE score.*

For students offered the N(A) or N(T) course	
PSLE Standard/ Foundation subject grade	Option to take a subject at
AL 5 or better in a Standard level subject	Express level
AL 6 or better in a Standard level subject or AL A in a Foundation level subject	N(A) level

* Students in the Express course will take all subjects at the Express level, regardless of their individual subject AL scores at the PSLE.
